DESCRIPTION

Do you already know "Painting by numbers" , "Painting with rhinestones" and "Painting with mosaics" and are successfully selling it? Does your store have an extra 2m² in your store that will be used for an idea which many find interesting?

In any case, this offer is for you since it allows, with minimal investment, in only one day to organise and set up a station for producing custom ordered paintings which will be printed on a canvas for : "Painting by numbers", as well as sets of "Painting with rhinestones" and "Painting with mosaics".

We offer our partners to use unique technology of printing a client chosen art set from scratch to finished product, all of which will be provided by us. The process of completing a chosen painting requires only a couple of minutes and can be done right in front of the client.

Online catalogues will be given in which a client may choose a painting of their liking, after which you can print the canvas and assemble the painting provided with all the necessary materials for completion which include acrylic paint (small bags of rhinestones or mosaics- depending on the client's choice). It is unnecessary to invest money into a warehouse to store all premade painting.

All you will need to have is the provides necessities from which you can assemble any chosen painting.

The palette of acrylic paint which we have created is universal for creating and assembling any painting by numbers.

In the creation of "Painting with rhinestones" and "Painting with mosaics" a standard acrylic rhinestones/mosaics palette is used of DMC colors.

The warehouse in Riga (Latvia) always has an abundance of all the necessary materials needed for production of various paintings, this includes : acrylic paints, stretches bars, canvases, rhinestones, mosaics,brushes,packaging, instrument along with other useful materials.

ROYALTY

Printing services

We have created a database of more than 5,000 popular paintings and fill it up with new paintings daily. You only need to log on to our website in the needed gallery, choose the necessary image and send it "to print" on your installed printer.

Cost is calculated automatically: from 0,2 euro to 1,5 euro depends of your monthly printing.

For your convenience, other files will also be available for printing free of charge:
- a set of stickers of 15 mm for spots with paints with number and the amount of paint for each painting
- A5 size sticker, with a design of the painting, parameters of the product, date production, manufacturer contacts, etc.
- A3 size checklist with outlines and color numbers on them
- technical information sheet for the painting (contours, quantity colors, number of areas, etc.)

Canvas numbering

To create patterns for paintings by numbers we offer the service "canvas numbering", which markings with the number of paint in a .PDF file for printing on canvas.
After you prepare an artwork in vector format according to our instructions, you can upload it to your personal account, prepare preview picture with samples of colors and an inscription (3-5 minutes), as well as "canvas numbering" the canvas (which takes 20-40 minutes).
Then the prepared files can be downloaded to your computer and uploaded to your personal gallery.

Cost of service: 1,5 euro

Designer services

Our professional designers can make a pattern of painting by numbers or mosaic and rhinestones painting from your personal photo.

Cost of the service: 15 euro.
